

CHARITY SKYDIVES 2025

Thank you for considering an exciting skydive in aid of Manchester Mind. We hope the information below will help you plan your challenge this year...

HOW: There are several skydive providers and each manages their own bookings, fees and insurance. Most fundraisers choose a tandem skydive with an instructor. You can also opt for accelerated freefall jumps, which require more intensive training, so please enquire with the provider if this type of skydive is of interest to you.

WHERE: Lancashire, Cumbria or Shropshire

COSTS: Whilst our charity is unable to pay skydive fees, we can provide a free charity t-shirt and ongoing support each step of the way. You can offer a deposit when you book your skydive, then pay the remainder on the day.
